**Criteria for Elderly and/or Disabled Certification
Policy**

GCT participates in the Elderly and Disabled Program of the Ohio Department of Transportation and the Federal Transit Administration. This program permits transit systems to offer half-priced fares to those eligible. Each person who wishes to be considered for the half-priced fare elderly and disabled program must complete the above application.

The Transit Administrator will accept applications at GCT's office (located at 12555 Merritt Road, Chardon, Ohio 44024), review the acceptable documentation, and sign and date the application form. At that time, a Certification of Eligibility card will be issued.

Applications may be mailed to the transit system at the above address or given to a GCT driver. ***PLEASE NOTE: REQUIRED DOCUMENTATION MUST ACCOMPANY THE APPLICATION.***

The documentation required for persons 65 years of age or older includes a COPY of a drivers license, birth certificate or state issued ID card.

The documentation required for disabled persons to be eligible will include SSI or Social Security Disability determination letters, written documentation from a physician, or other health care professional indicating that the person meets the criteria established by the Americans with Disabilities Act.

For disabled individuals only:
The certification is valid for a period of two (2) years and those passengers who wish to continue in the program must be re-certified at that time.

There are two (2) categories of disabilities to be considered – mobility limitations and self-care limitations.

Send application to: Geauga County Transit, 12555 Merritt Road, Chardon, Ohio 44024
